

# SECURITY & SAFETY DEPARTMENT

Security and Safety department exists to ensure we have a safe and convenient worship environment. The department facilitates security and safety within the facility premises and our environs. Under this department, we coordinate and liaise with the Local Authority, including the Police, Emergency responders, Health sector and Private Security services providers. We coordinate First Aid services, Fire safety, Occupational health and Evacuations in case of an incident. We also control traffic and facilitate orderliness within our parking lots.
